

Occupational Health & Safety Policy

Safety Is Our Priority, Quality is Our Standard!

Centor top management recognizes its responsibility to establish a policy that promotes safety awareness and accident prevention. Preserving the health and well-being of our employees is one of our greatest responsibilities. Safety in our facilities must be regarded as an integral part of quality and productivity.

- We are committed to providing safe and healthy working conditions for the prevention of work-related injury and ill health, for all employees, contractors, and visitors.
- We set measurable goals to achieve year over year improvement
- We are committed to keeping our facility in compliance with all applicable safety, health and environmental laws and regulations
- We are committed to eliminating hazards and reducing OH&S risks
- We are committed to continual improvement of the OH&S management system
- We are committed to including the consultation and participation of workers in all OH&S matters
- Environmental considerations are included in our business planning processes. All operations are encouraged to promote reuse, recycling, and energy efficiency in the manufacturing of new and existing products.
