

Quality Policy

Innovating for a better life

- ❖ Centor's vision is to be the industry leader in providing regulatory compliant prescription containers for medication dispensing & primary packaging plastics.
- ❖ Our objectives and goals are guided by our mission to achieve a high level of company performance, efficient manufacturing, promote the well-being of our employees, and our role as partner in the local and global community.
- ❖ Focused on safety to protect against accidental drug ingestions while maintaining customer ease of use, Centor meets U.S. Consumer Product Safety Commission (CPSC) standards for child resistant packaging. We also meet United States Pharmacopeia (USP) standards for light transmission and moisture vapor resistance.
- ❖ We will strive to continually improve and innovate our products and processes in support of our customers' evolving needs and requirements.
